

8th February 2018

Dear Parents/guardians,

We are in a position to be able to offer maths and reading booster sessions for children in Year 6 during the Easter holiday.

Your childin class.....has been selected to access the additional teaching. The sessions will be taught on **Wednesday 4th April, Thursday 5th April and Friday 6th April from 9.00-12pm**

We hope you will support the children in attending these extra sessions as we feel they will benefit from extra teaching in order to plug some gaps before the tests in May 2018.

The children will need a drink of water and a healthy snack on the day, they can wear their home clothes for the sessions.

Yours sincerely

Mrs N. Carter
Assistant Headteacher
