Dear Children

### **Re Thank You!**

We wanted to write to you to say a big thank you for helping everyone while we stay at home to keep us safe. We know you are all working hard at home with your school/nursery work and playing with your families. We love seeing all the photographs and messages to say how well you are doing. We know you will be missing playing with your friends and talking to your teachers but are very proud of the way you are all staying at home so that we can see each other soon.

We have been talking to your schools and nurseries and they have told us all about how they are keeping in touch with you and your families to make sure you are all ok. We know that they are all missing you and looking forward to the time that you are in back in school/nursery. We hope you are having as much fun learning and playing at home as you do at school/nursery.

We hope that you are all well and that you are staying safe. We know you might be worried so we are sharing some websites that might help you and your family. You might also be feeling sad or missing your friends – please talk to a grown up if you are. You can ask an adult to help you with these. Your schools/nurseries have also been amazing during this time and they are also there to support you or your family can contact them if you have any worries.

We are sorry that this letter does not have your name on it but we had to write to all the children and make sure we did not miss anyone to say a big thank for being so strong and brave.

WE ARE SO  
*Proud*  
OF YOU
