

9th November 2020

Dear Parents/Guardians,

As you may already know, the pond area at St. Josephs have recently been filled and weeded and now we must get them looking magnificent. We are kindly asking if you will donate a few items to make an angelic garden. The reward is simply a fresh, green environment for your child|children to learn in. Wouldn't you love to know that you were a part of making St. Josephs a more eco-friendlier place?

We would love to receive:

- Plants; to thrive for future years.*
- Seeds; for a fresh start in our soon to be angelical garden.*
- Compost; to help grow the plants and seeds.*
- Gardening equipment; to use while gaining experience and creating magnificent atmosphere.*
- And last but not least plant pots; to grow and shelter our plants and seeds in their early years.*

We are not asking for much we are just looking out for future years and creating an amazing environment for your child|children. If you are able to donate, we are accepting the items but they must be given in before the third week of the new term Monday, 16th November. Make one simple purchase and witness an eternal feeling of knowing you did your part on helping the school and the world be a greener place. Step by step we can make a difference for the worlds next generation.

BE KEENER TO MAKE OUR SCHOOL GREENER

Yours sincerely,

Ava & Segen on behalf of The Senior Pupil Leadership Team

Together We Can
