

5th March 2021

Hi Year 3,

We hope you and your families are all well. We are very excited to welcome you all back into the classroom once again and the start of things getting back to normal again. We know this experience has been difficult for everyone and you and your families have bravely faced many challenges over the last few months and have embraced the remote learning opportunities that have been available to you while learning from home via Zoom.

However, we look forward to moving forward with our learning as a year group and experiencing lots of new and exciting challenges while face to face in the classroom.

When we return, we must all remember that it might be difficult for some people coming back to school because they are worried about different things; you yourself might be worried and that's ok. You have heard stories that children have missed learning and are behind, but we don't want you to worry about that. We have seen what you are capable of in the work you submitted in Google classroom, you have been working and learning. Now we have the chance to return to school to prove to those negative people that they are wrong, that we are better than what they say. We will get there, but we must all remember to be kind to each and be the best that we can be. Together we can help each other to make our classrooms and fun and friendly place to be for everyone in our class. We can do this together so that we can learn and have some fun as well.

I'm sure that you are all fully aware of the school expectations regarding uniform and behaviour but would just like to highlight some areas to remember:

- Arrive to school in full and correct uniform, including your school bag on time and ready to learn.
- Make the most of every moment of learning time and learning opportunities.
- Take risks, make mistakes and become lifelong learners- remember a mistake is a learning opportunity!
- Don't be afraid to share your emotions – we have all been through unusual and unprecedented times. Remember that school is a safe place!

We ask that you try your best, be kind to one another (and to the adults because they've had a hard time too) and to work as well as you have been doing for the past 8 weeks.

You have done so well and we look forward to seeing you on the 8th of March.

The Year 3 team.
