

Dear Parents and Carers,

We will be holding our Maths week from Tuesday 22nd November - Friday 25th November 2022.

A range of fun games, puzzles and mathematical activities will be taking place in each classroom during the week. Through these activities children should take away the message that Maths can be fun and finding the correct answer is not always the most important thing. Talking about how you attempt to solve a problem and listening to others can be equally important!

During this week children will be taking part in various activities in school which include:

- Code breaking
- Art activities relating to Maths
- KS2 Times table house competition
- Puzzle Challenge Day
- Real life maths activities

As part of our Maths week, we would also like to invite you into school to join your child in a Maths problem solving session. You are welcome to attend all or part of the session.

Wednesday 23rd November	EYFS Nursery and Reception classrooms 09:00 - 09:30	
Thursday 24th November	Yr 3 and 4 Junior school hall 09:00 - 09:45	Yrs 5 and 6 Junior school hall 14:15 - 15:00
Friday 25th November	Yrs 1 and 2 Infant school hall 09:00 - 09:45	

We will also be running a whole school competition -
Figure Me Out!

Information for the competition will be shared on
Google Classroom. If your child would like to take part
in the competition please hand their completed work
into their class teacher by **Monday 28th November**.

Kind regards,

Mrs VL Gallagher

Deputy Headteacher and Maths Lead
