

This Wednesday it was a privilege to be involved in one of the biggest events I've seen at St Joseph's. Despite miserable weather, it didn't dampen people's spirits and it was such a joy to see so many people come together as a community and not only raise a significant amount of money for our school, but families creating memories and having fun.

I wanted to say a huge thank you to my wonderful, incredible team, who work tirelessly behind the scenes to deliver such amazing events. As I'm sure you can appreciate it's not been stress-free but with the support of fellow parents, teachers, TA's and family members we achieved an evening Battersea Park would be proud of!

To you, the 1000+ supporters who turned up in the rain and bought glow and supported local traders it was so appreciated. Your words of encouragement mean more than you know. The team and I hope that Fireworks at St Joseph's will continue year after year and show the wider community what a wonderful school community we really have, as well as raising much needed money to improve the school experience of all children at St Joseph's.

Thanks again

Donna  
PTA Chair
